

Page 1, delete the first paragraph and substitute therefor the following paragraph:

This is a continuation of parent application Serial No. 08/943,125, filed October 3, 1997, which is a continuation of Serial No. 08/583,587 filed January 5, 1996, which is a CIP of Serial No. 08/487,436 filed June 7, 1995 all of which are incorporated herein by reference.

REMARKS:

The foregoing amendment addresses a typographical error in identifying the parent application by listing the correct Serial Number Serial No. 08/943,125, and not Serial No. 08/943,123. The files of the Patent and Trademark Office show the former as the correct Serial Number.

Conclusions

Applicant requests that the Examiner enter this amendment.

SUBMISSION PURSUANT TO 37 C.F.R. §1.121 OF MARKED-UP VERSION OF
AMENDMENTS TO THE CLAIMS

Applicant, pursuant to 37 C.F.R. § 1.121, submits the following marked-up version of the amendments to the claims to accompany the amendment in response to the June 13, 2003 Office Communication concerning this application.

IN THE CLAIMS:

79. (Amended Once) The substrate of claim 78 wherein said composition comprises a product produced by the process of combining said superabsorbent polymer with said silicone [siloxane] and optionally, said lubricant additive.

81. (Amended Once) The method of claim 80 wherein said composition comprises a product produced by the process of combining said superabsorbent polymer with said silicone [siloxane] and optionally, said lubricant additive.

REMARKS:

The foregoing amendment addresses a typographical error in claims 79 and 81 by changing "siloxane" to --silicone--. Independent claims 78 and 80 from which claims 79 and 81 depend support the term --silicone-- as added by this amendment.
